SUMMARY

Full Stack Developer with 5.5 years of experience.

Among top 4% in Stackoverflow's ranking.

Good in programming and application development.

Worked extensively on Javascript & Java based technology stack.

Can deliver high performance & scalable web applications.

Experience in full agile projects.

EXPERIENCE

LEAD DEVELOPER, SALESFORCE, MELBOURNE

November 2016 – Till date

Lead the development activities for a team of 7, integrated several cloud elements like Salesforce, Microsoft Dynamic CRM, Box, Dropbox, Zendesk, Twilio, Slack, Adobe Sign and more. Introduced ES6 for coding practices, wrote custom javascript libraries for Salesforce Rest APIs. Wrote multiple dashboards in ReactJs and AngularJs. Introduced docker based build pipelines. Wrote more than 20 microservices in Node.js implementing restful endpoints, AMQP, and HTTP/2. Implemented scalable subscription based flags for docker instances.

SENIOR DEVELOPER, TELSTRA, MELBOURNE

January 2016 – October 2016

Developed Node.js microservices, docker images, AWS, Restful APIs, APIgee, Angular 2 & Polymer Components. Responsible for integration of Auth2.0 and JWT. Incubated DevOps activities for the team by building the CI/CD pipelines. Migrated all the services from MongoDB to Couchbase. Have delivered code with 100% unit test coverage. Enabled Google Analytics to receive more user insights regarding their behavior at our web app. Reduced build/deploy time from 45 mins to 7 mins using docker based pipelines.

DEVELOPER, INFOSYS, BANGALORE

January 2013 – December 2015

Developed and designed Java based web applications with multiple exposures to different types of projects. Worked on all the layers of application, front-end(JSP, JQuery, HTML, CSS), web frameworks (Spring MVC, Struts2.0), Spring Components, ORM tools(JPA, Hibernate), Messaging Bus, Application Servers(Weblogic, Websphere, JBoss), EJB, JMS, AMPQ.

EDUCATION

B.Tech (Electronics and Communication), Maharaja Agrasen Inst. Of Technology, New Delhi, 76% - 2013

AISSCE (PCM), S.D Public School, Chandigarh, 85% - 2009

AISSE, S.D Public School, Chandigarh, 90% - 2007

SKILLS

Node.js, Express, Docker, CI/CD, Angularjs, Kubernetes, React.js, Java, Hibernate, Spring, Struts, SOAP, Rest, NoSQL, MongoDB, Javascript, Web Services, AMQP, Auth2.0, JWT, Jenkins, Bamboo, GIT, SVN, Weblogic, Websphere, Oracle, JSON, JQuery, PHP, HTML, UX, JPA, Grunt, Gulp, Auth0, Maven, Gradle, Bower, APIgee, WSDL, Browserify, Promises, Couchbase, JBoss, virtual box, Eclipse, IntelliJ, VSC, Atom, Sublime, Spring JPA, Go-CD, Bamboo, Koa, Coroutines, Camel, Kafka, RabbitMQ, ehCache, clearcase.

PROJECTS

CLOUD WORKFLOWS

Role: Lead Dev | Tech Stack: Node.js, React.js, Angular.js, Docker, Go-CD, Kubernetes, Azure, Git, JWT, Restful APIs, Auth0, VSTS, Google Analytics, Azure Storage, Grunt

NBN+

Role: Sr. Dev | Tech Stack: Node.js, Angular 2, AWS, Bamboo, Kubernetes, Git, JIRA, Auth2.0, Restful APIs, APIgee, Swagger, Google Polymer, Couchbase, Spring Boot, Webpack

SERVICE FIDDLER

Role: Sr. Dev | Tech Stack: Node.js, Angular.js, Docker, Bamboo, Kubernetes, MongoDB, Express, Git, Bootstrap, Restful APIs, SOAP, WSDL, Fiddler

NEXTG DIBBLER

Role: Jr. Dev | Tech Stack: J2EE, Spring, Struts2.0, JSP, JQuery, GWT, AJAX, Spring Security, Hibernate, Oracle, Weblogic, EJB, JPA, JMS, Clearcase, Jenkins

EPIC

Role: Jr. Dev | Tech Stack: J2EE, JBoss Fuse, ESB, Camel, JSF, JBoss EAP, JSP, JQuery, AJAX, Spring Security, Hibernate, PostgreSQL, Jenkins, GIT, Eclipse

GERBER LIFE INSURANCE

Role: Lead Consultant | Tech Stack: J2EE, Spring MVC, JSP, JQuery, Angular.js, BPMN, Spring Security, Spring Data JPA, Oracle, Websphere, SVN, Jenkins, Maven, Gradle
